

PENNYPACK ECOLOGICAL RESTORATION TRUST

Position Available Ecological Restoration & Non-Profit Support Intern

The Pennypack Ecological Restoration Trust, a private, non-profit land trust located in the Philadelphia suburb of Huntingdon Valley (Montgomery County), conserves natural lands in the central Pennypack Creek valley and sponsors an active program of ecological restoration focusing on invasive plant control, deer management, forest, riparian, and grassland habitat management. The Trust is seeking a part-time Stewardship Intern to aid in our restoration and administrative work.

Targeted Majors:

Natural Sciences, Landscape Architecture, Horticulture, Forestry, Environmental Ed, Environmental Studies

Qualifications:

Bachelor's degree in one of the natural sciences (required or degree in-progress)
Experience with eastern woodland restoration/management
Familiarity with powered land maintenance equipment
Familiarity with GIS and other mapping tools, graphic communication
Strong problem solving, organizational, and computer skills

Duties: Invasive plant control using mechanical and/or chemical strategies

General natural area stewardship (e.g., trail maintenance, dead tree removal)
Tree planting and follow-up maintenance
Administrative and clerical duties to support all full-time staff
Archival and organizational duties to support office and volunteer processes

Compensation:

\$10-12/hr. Flexible hours M-F, from 7:30AM to 5:30PM. Some weekend work may be needed.
Applicants will work between 12 to 20 hours per week within a mutually agreed upon typical work week with defined start/finish dates

To apply: Provide resume and cover letter describing relevant experience to
